

SYNERGY Controller

Designed specifically for Environmental Test Chambers

June Promotions

FREE Barcode Scanner

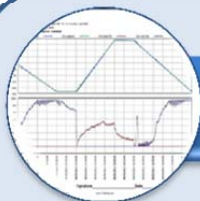

The Synergy Controller's bar code scanner feature is popular in medical, aerospace, and manufacturing industries for test chambers and process ovens.

Benefits

- Complex setups with single scan.
- Error-proofing; Eliminates errors.
- Scan part or paper-work barcode.
- Powered by controller's USB port.
- 2D Scanners read OCR text.

Get a **FREE** 1D Bar code scanner P/N TE2308 with any controller purchase. To learn more about this powerful feature:

FREE Network Printing

Synergy Controllers "Deliver" Test results.

Synergy Controllers can plot test results to network printers and e-mail data in table (CSV) and Graphical (PDF) formats automatically.

Benefits

- Replace chart recorders.
- Plain paper and printer cartridges cost less.
- Less maintenance than traditional chart recorders.
- Go **Paperless**. Use electronic PDF plots and save trees.
- Plot Heating and Cooling output

Get a **FREE** Network Printing License P/N TE2175 with your controller purchase. To learn more about this feature follow the link below for a video demonstration.

FREE Wi-Fi Connectivity

Connect Your Chamber to your Wi-Fi Network with a Low Cost Wireless Bridge.

Synergy Micro 2 and Synergy Nano controllers feature Ethernet connectivity and support Telnet, Web, FTP, and E-Mail (SMTP) protocols.

You don't have a convenient network drop near your chambers?

Benefits

Use an inexpensive wireless bridge to connect your controllers to a wireless network.

- Synergy Manager Connection
- Telnet Connection
- WebTouch Remote™ Control
- FTP Transfer for logs and profiles.
- E-Mail (SMTP) Plots.
- E-Mail (SMTP) Alarms.

Get a **FREE** Wi-Fi Ethernet Adapter P/N TE2311 with your controller purchase until the end of June, one per customer.

To learn more about this feature download the following application note.
